

Because Meals Are  
Ordered Online!

HEY!

ANOTHER ONLINE ORDER!

## Increase Revenue with Ordello!

### 1. More Orders

Customers don't have time to dine-in yet they still want their favorite meal from your restaurant. Your *website found on the Internet* with Order Now button.

### 2. Larger Orders

Customers take time to look through menu to ensure they order what they want. Customers and staff are *not rushing to get off the phone*.

### 3. More Accurate Orders

Customers review their orders before checking out. No errors often created by phone orders plus your *staff spends less time on the phone*.

Your Customers Never Get a "Busy Signal" From Your Website!

# Online Ordering as Simple as 1, 2, 3?

1. 54% of customers search for your restaurant's website online.
2. Customers go to your website and see an "Order Now" link.
3. They click your "Order" link and place an Order!!

You Need a Website!  
It Should Have Online Ordering!

Do Both With Ordello!
